(POLA KOMUNIKASI DAN PROSES REHABILITASI MANTAN PENGGUNA DAN PENGEDAR NARKOBA DI PESANTREN AL ISLAMY KULON PROGO YOGYAKARTA PADA TAHUN 2018-2019)

Fahruzi Witra 15071022

ABSTRAK

Peredaran narkoba telah memasuki disegala lapisan masyarakat Indonesia, termasuk dikalangan remaja dan anak-anak. Banyak masyarakat yang menjadi korban penyalahgunaan Narkoba. Peran rehabilitasi dalam penyembuhan ketergantungan bagi pecandu narkoba sangat penting, mengingat sulitnya korban atau pengguna narkoba untuk dapat berhenti dari ketergantungan narkoba secara individu. Pengguna atau pecandu narkoba disatu sisi merupakan pelaku tindak pidana, namun disisi lain merupakan korban penyalahgunaan narkoba. Dengan adanya tempat Rehabilitasi terhadap pengguna narkoba merupakan suatu bentuk perlindungan dan tempat bimbingan sosial yang mengintegrasikan pecandu narkoba ke dalam tertib sosial agar tidak lagi melakukan penyalagunaan narkoba.

Kata Kunci : Pesantren, rehabilitasi, narkotika.

“PESANTREN NARKOBA”

(COMMUNICATION PATTERN AND REHABILITATION PROCESS OF FORMER DRUG USER AND DEALER IN ISLAMY KULON YOGYAKARTA BOADING SCHOOL 2018-2019)

ABSTRACT

The drugs circulation has penetrated dramatically in all social stratum in Indonesia, not only teenagers but also children. A lot of people have been suffering for drugs abuse. Due to the difficulty stages of recovery which those drugs users must face, rehabilitation plays such an important role in order to help them to be totally cured. It is obviously known that drugs abuse cases are acts against the law whereas there were also several cases where people were actually trapped and became the victims of drugs owning or consuming. Thus, by providing the proper rehabilitation programs or places for those who have been suffering for drugs abuse means not only give them shelter but also education in order to help them to be well-educated about what drugs really are. By doing so, it is hoped that they will be able to understand, avoid and even help other people in the future whose cases are the same like what they used to have.

Keywords: pesantren, rehabilitation, drug.
