The [International Journal of Scientific & Engineering Research](#) is a one-stop, open access source for a large number of high quality and peer reviewed journals in all the fields of science, engineering and technology. Scientists and engineers involved in research can make the most of this growing global forum to publish papers covering their original research or extended versions of already published conference/journal papers, scholarly journals, academic articles, etc.

The published papers are made highly visible to the scientific community through a wide [indexing](#) policy adopted by this online international journal. Hence, they can freely be accessed and utilized by everyone for the development of science and technology.
